

Clifford Kipp

Cliff hails from Colorado but has lived in the Flathead Valley since 2003 when he moved here to be the Regional Supervisor for the Northern Rockies Region of the Montana Conservation Corps. He has been a member of the Foy's to Blacktail Trails board since 2005; he just completed his first year as Chairman. If he's not in the MCC office, or in the field with crews, he's likely walking Maurice in Lone Pine or Herron Park. "Since the day I decided to move here, I have enjoyed our 'front door' access to outdoor experiences" Kipp says. "I'm happy to be volunteering my time and energy in the interest of preserving those opportunities for others. We have the chance to make something great happen".
